

Welcome to Pend Oreille County Emergency Management

The mission of the Pend Oreille County Department of Emergency Management is to protect people, property and the environment. Through increased readiness, mitigation and contingency plans, the Pend Oreille County Department of Emergency Management empowers constituents to prepare for, respond to, and recover from major emergencies and disasters.

Register to Receive Current Emergency Information

Pend Oreille County citizens are urged to sign up to receive emergency updates through the Community Information Service (Nixle) which is designed to deliver important and timely information to residents in our county using the latest technology. Please follow this link to register [Resident - Nixle](#).
